

# Curriculum Vitae

## Hussain Adnan Hashim Yaser

Department of Pathological Analysis,  
College of Science, University of Thi-Qar, Iraq

### Personal Information

- Name: Hussain Adnan Hashim Yaser
- Title: University Lecturer
- Phone: +964 780 751 2839
- Email: [hus.ad.p@utq.edu.iq](mailto:hus.ad.p@utq.edu.iq)
- Address: College of Science, University of Thi-Qar, Iraq

### Career Objective

Motivated and dedicated university lecturer specialized in Life Sciences with a Master's degree from the University of Thi-Qar. Experienced in laboratory diagnostics and professional in isolating pathogenic bacteria. Seeking to contribute to academic excellence and scientific research through teaching, mentoring, and research activities.

### Education

M.Sc. in Life Sciences, College of Science, University of Thi-Qar, Iraq — 2022  
Thesis focused on microbiological and molecular aspects related to pathogenic bacteria.

### Publications

1. Hussain Adnan Hashim. Molecular Study of Lysozyme Resistant Gram-negative Bacteria. Academia Open, E-ISSN: 2714-7444 (2025).
2. Hussain Adnan Hashim, Mohammed Mahdi Abd. Prevalence and Molecular Characterization of Helicobacter pylori in Patients with Chronic Diarrhea in Thi-Qar Province. Indonesian Journal on Health Science and Medicine, ISSN: 3063-8186 (2025).

### Professional Skills

- Professional laboratory skills.
- Expertise in isolation and identification of pathogenic bacteria.
- Strong knowledge of microbiological and molecular techniques.
- Good communication and teamwork abilities.
- Competent in Microsoft Office and academic writing.

### Languages

- Arabic — Native
- English — Proficient

### Interests

Scientific research, laboratory work, and teaching in the field of microbiology.
