

Name: Rasha Salih Nuhair

Last academic degree: Ph.D

Address: University of Thi-Qar / College of Science / Dep. of Biology

Mobile:07818564030

Email:rasha.n_bio@sci.utq.edu.iq

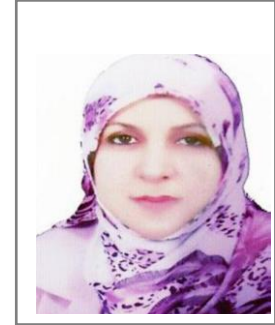

Research gate: <https://www.researchgate.net/profile/Rasha-Nuhair/publications?sorting=recentlyAdded&editMode=1>

Google scholar: <https://scholar.google.com/citations?user=up1nNzUAAAAJ&hl=ar&authuser=1>

Orcid: <https://orcid.scopusfeedback.com/#/start>

Scopus: <https://www.scopus.com/authid/detail.uri?authorId=57217169490>

Web of Science: <https://www.webofscience.com/wos/author/record/ABF-3881-2022>

Academic achievement	Doctor of Philosophy (PhD)
Employment and Teaching Experience	Genetics Cell Biology Molecular Biology
Education	PhD. in [Cytogenetic]
Publications	1- Analysis of Single Nucleotide Polymorphism of the Organic Cation Transporter Gene in Women with Polycystic Ovary Syndrome Article 2-Association of TLR4 Expression and Genomic Instability with Renal Function Markers in Diabetic Nephropathy Article / KIDNEYS 3-Investigating the Relationship of Biomolecules in Acute Leukemia: A Study

on the MDR1 Gene Expression and Cytokines

4-Mumps and Sterility: A Comprehensive Review

5- Concentration of Organochlorine Pesticide Residues in Water, Sediment and Fish from the Euphrates River near the Center of Al-Nassiriyah City, Iraq

6- The Some Cytokines Levels (TGF β 1, IL-4, IL-6, and IL-17) in Sera of Patients with Diabetes Mellitus Type 1 & Type 2 in Nassiriya City

7-Eggplant Peel Ethanolic Extract: A Novel and Alternative Stain for Chromosome Banding

8-Histological Changes of Liver, Kidney and Adrenal Gland Tissues of Male Rats (*Rattus norvegicus*) Treated with Carbofuran

9-Concentration of Organochlorine Pesticide Residues in Water, Sediment and Fish from the Euphrates River near the Center of Al-Nassiriyah City, Iraq

10-The Role of TGF β 1 Polymorphism in Diabetes Mellitus Patients in Thi-Qar Province

11-Determination of the Influence of Vitamin D3 on Beta Cells of Diabetic Rats

12-Polymorphisms of STAT6 Gene and Its Association with Asthmatics in Nassiriya, Iraq

13-Study the Impact of the Concentration of Mercury Chloride on Micronuclei Formation and Some Organs of Juveniles of *Ctenopharyngodonidella*

14-Study of Some Hematological Parameters in Offspring of Hyperlipidemic Female Laboratory Rats after Simvastatin Treatment During Lactation

15-Distribution of Some Liver Enzymes and Trace Elements in Serum of Thi-Qar Leukemia Patients

16- Effect of Silymarin on Oxidative Stress Biomarkers, Lipid Peroxidation and Reproductive Function of Diabetic Albino Rats

17-Detection of CTLA-4 and PTPN22 Genes Polymorphisms and Relationship with Hyperthyroidism Patients in Thi-Qar Province, Iraq

18-tudy of Some Hematological and Molecular Parameters for Immune Diseases Patients
